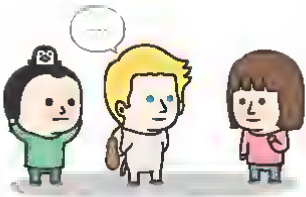
Penguin Loves Mev
In the UK

His Two Faces

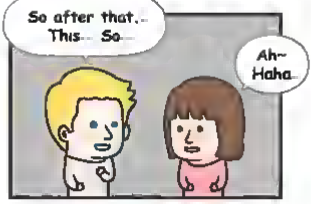
In front of me,
Mev is such a playful man.



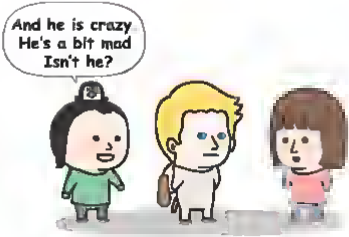
However, he is quite introvert in front of others.

He is shy so he doesn't like being in a busy place with many people

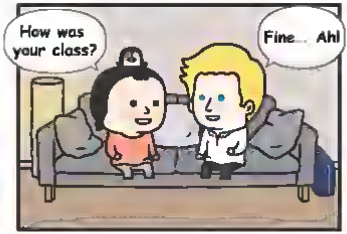
He is more of a listener
than a talker



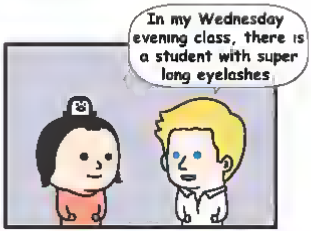
Of course,
he doesn't have any problems
hanging out with people.



However, people don't know about some parts of Mev that I always see.



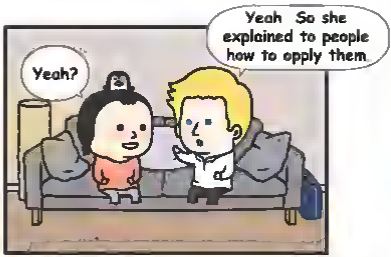
How was your class?
Fine... Ah!



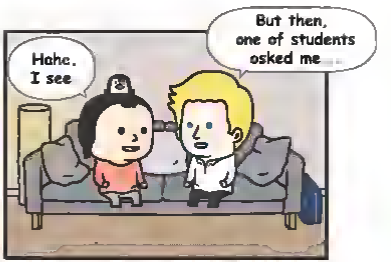
In my Wednesday evening class, there is a student with super long eyelashes

Today, someone asked her if they were her real lashes
OK.

No~ They were false lashes, but it didn't look fake et all
Were they?

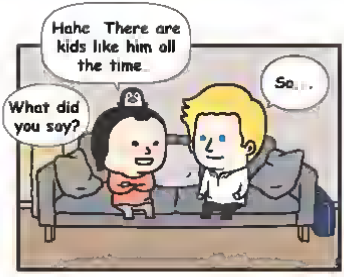


Yeah So she explained to people how to opply them
Yeah?



But then, one of students osked me
Hahe. I see

Mevl Why don't you wear false eyelashes for work?



Hahe There are kids like him all the time.
So...
What did you say?

He answered.

Sometimes,
he disarms though
